MCA DENVER RENTALS

A ONE-OF-A-KIND EVENT SPACE FOR ONE-OF-A-KIND EVENTS

THE STORY

The Museum of Contemporary Art Denver (MCA Denver) explores the art and culture of our time through rotating exhibitions and public educational programs. Featuring regional, national, and international artists, MCA Denver offers a wide range of exhibitions promoting creative experimentation with art and ideas.

In October of 2007, the museum opened a new 27,000 square foot, Gold LEED certified museum designed by British architect David Adjaye. The building, Adjaye's first museum commission, was designed to minimize boundaries between the exterior spaces of the city and the interior galleries of the museum. Hidden skylights fill the interior spaces with natural light. Windows look out on the streets of central Platte Valley. The building has five galleries on two floors as well as a rooftop cafe.

Located on the corner of 15th and Delgany Streets, just two blocks from Union Station, MCA Denver offers the MCA Cafe with Rooftop Deck for private rentals.

MCA CAFE

& ROOFTOP BAR

Situated on the rooftop, MCA Cafe is an intimate space, well suited for small seated dinners and cocktail receptions. At 1,100 sq. ft., the Cafes warm, Brazilian Cherry wood interior provides a nearly 360-degree view of Denver's downtown skyline. Knoll Saarinen marble dining tables with white Bertoia side chairs provide luxury seating. Ceramic sculptures created by Kim Dickey inspired by the flora of June S. Gates Rooftop Garden complement this airy space.

MCA Denver's rooftop deck wraps around MCA Cafe, showcasing views of downtown Denver skyline. June S. Gates multilevel garden features flora from the Rocky Mountain region while providing a covered space perfect for an appetizer station. The deck hosts a south facing outdoor bar along with Knoll tables and Bertoia chairs for additional outdoor seating.
